

**【IPMB Microarray Core charge list 】**

Item	Equipment	No. of spot/slide	Setup fee (NT\$)	Consumable (NT\$)(Cost of printing pins subsidized by IPMB)	Assistant salary (NT\$)	Total charge (NT\$)
Microarray design and printing	GeneMachine	<2 Kspots	2,500/run	1,000/run	500	4,000
	OminGrid	2 K spots	2,500/run	2,000/run	1,000	5,500
		5 K spots	2,500/run	4,000/run	2,000	8,500
		10K spots	2,500/run	8,000/run	2,000	12,500
RNA quality control	Bioanalyzer 2100		40 / chip	960 / chip		1,000/ chip
Plasmid/ PCR product purification & re-rack...	Liquid handling		1,000/run		250 /hr	1,000+(250x?hr)

- Fees for services of provided by the **【IPMB microarray core facility】** became effective on July 1, 2004. The fees are subjected to charges when reflecting of costs is needed.
- Non-IPMB user: please contact service laboratory for further inquiries.
- Core facility could provide the consumables and reagents for mRNA quality, mRNA cy-dye incorporation and microarray hybridization. Users are responsible for the expenses.
